ACADEMIC PROGRESS EVALUATIONS

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating). If the performance does not meet satisfactory requirements, it is not counted, and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 70% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

93% – 100%	EXCELLENT
85% – 92%	VERY GOOD
75% – 84%	SATISFACTORY
74% and BELOW	UNSATISFACTORY

DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a copy of their Satisfactory Academic Progress Determination at the time of each of the evaluations. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

PROBATION

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision, and prevails upon appeal.

Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

APPEAL PROCEDURE

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

RETURN TO TITLE IV (R2T4)

Process Overview & Applicability

The return of Title IV funds requirement is a complex process involving a great deal of interoffice cooperation and coordination. The school director is designated as the contact point for students who wish to withdraw. Inter-Office email or written memoranda may be used to communicate that information to faculty, bookkeeping, and the office of financial aid. The school's director determines the withdrawal date and reports it to other institutional offices and the Department of Education. The Office of Financial Aid calculates the return of Title IV funds using federal formulas, notifies the student of his or her obligation to repay funds if applicable, tracks the repayment, and refers overpayments to ED. It also offers the student any earned post-withdrawal disbursement and follow-up procedures and policies pertaining to this indicated in the award notification part of the manual. For students whose status changes from full-time to part-time

during the payment period, the award package must be revised based on the revised enrollment status and student must be notified about the changed award amounts and status.

The date of My-Le's Beauty College determination that a student withdrew is identified through faculty input, student's failure to return from an approved leave of absence, or the student's verbal or written notification to the school.

In the event of any unofficial withdrawals, R2T4 refund must be done within 45 days from the date of determination of such withdrawal. The date of determination must occur within two weeks from the last day of attendance.

All enrolled students are notified through My-Le's Beauty College catalog about the withdrawal process and the student's rights and responsibilities, including how a student reports the intent to withdraw and how the student begins the withdrawal process.

Withdrawal Date

The faculty is required to take attendance and notify the school director if a student has stopped attending class without any notice for 3 (three) consecutive scheduled class days. The school director monitors attendance of all enrolled students. He will contact students via email, phone call and letter. If no response is received within 14 days, the school will assume the student has unofficially withdrawn. The school director will determine the withdrawal date which would be no later than two weeks from the last day of attendance. However, if the student responds, the official withdrawal date will be the date on which student notifies school via any means of communication. Students who have been absent for 30 consecutive days will automatically be terminated. However, all refunds due will be paid within 45 days of the student's 14th consecutive day of absence. A student who wishes to withdraw from school for compelling personal reasons should notify the Director in writing stating the reasons for withdrawal and whether or not the student intends to return at a later date to pursue a program of study. For all clock hours programs attendance roster is mandatory. All documentation for a withdrawn student will be kept in the student's file in the office of financial aid.

Formula Calculation

My-Le's Beauty College is required by federal statute to recalculate federal financial aid eligibility for students who withdraw, drop out, are dismissed, or take a leave of absence prior to completing 60% of a payment period or term. The federal Title IV financial aid programs must be recalculated in these situations.

If a student leaves the institution prior to completing 60% of a payment period or term, the financial aid office recalculates eligibility for Title IV funds. Recalculation is based on the percentage of earned aid using the following Federal Return of Title IV funds formula:

Percentage of aid earned = the number of scheduled hours in the payment period completed up to the student's last date of attendance as per the school's attendance records, divided by the total clock hours in the payment period.

If this percentage is greater than 60%, the student earns 100% of the disbursed Title IV funds or aid that could have been disbursed.

If this percentage is less than 60%, then the percentage earned is equal to the calculated value.

Funds are returned to the appropriate federal program based on the percent earned. The percentage of aid to be returned is determined using the following formula:

Aid to be returned = (100% minus the percent earned) multiplied by the amount of aid disbursed toward institutional charges. If a student earned less aid than was disbursed, the institution would be required to

return a portion of the funds and the student may be required to return a portion of the funds. All Title IV funds that the institution must return will be made no later than 45 calendar days after the date the school determines that the student withdrew.

When Title IV funds are returned, the student may owe a balance to the institution.

If a student earned more aid than was disbursed to him/her, the institution must send written notification to the student (or parent for PLUS loan funds) to offer a post-withdrawal disbursement for any amount not credited to the student's account no later than 30 calendar days after the date that the school determines that the student withdrew. The institution is required to make a post-withdrawal disbursement within 45 days of the student's date of determination that they withdrew for grants and 180 days of the student's date of determination that they withdrew for loans.

Refunds are allocated in the following order:

Unsubsidized Federal Stafford Loan
Subsidized Federal Stafford Loan
Federal Parent (PLUS) Loan
Federal Pell Grant
Federal Supplemental Opportunity Grant
Other Title IV assistance
State Tuition Assistance Grants (if applicable)
Private and institutional aid
The student

The following is a step-by-step process that is followed in all R2T4 calculations.

- Step 1:** Determine the percentage of aid earned by calculating the percentage of the scheduled hours that the student completed.
- Step 2:** Determine the amount of earned aid by applying the percentage to the total Title IV aid that was or could have been disbursed.
- Step 3:** Determine the amount of unearned aid by subtracting earned aid from disbursed aid **or** determine the amount of a post-withdrawal disbursement by subtracting disbursed aid from earned aid.
- Step 4:** If unearned funds must be returned, determine the schools and the student's shares; **or** if a post-withdrawal disbursement is due, determine the sources from which it will be funded.
- Step 5:** If unearned funds must be returned, allocate unearned aid to programs from which student was funded; **or** if a post-withdrawal disbursement is due, send student applicable notification.
- Step 6:** Return the institution's share and any funds repaid by the student or refer the student to ED; **or** make the post-withdrawal disbursement.

The Department of Education provides return of Title IV funds worksheets in Volume 2, Chapter 6 of the FSA Handbook. These worksheets are used to calculate all R2T4 calculations. A copy of the worksheet in the event of manual calculation and a computer printout in the event of automated calculation is placed in the student's file for records. The office of financial aid performs all R2T4 calculations as it has all Title IV award and institutional charges information which are required in the calculations.

Post-Withdrawal Disbursements

In the event a student is eligible for a post-withdrawal disbursement based on the student's budget, awarded financial aid and Title IV funds and R2T4 calculations, a post-withdrawal disbursement must be made only after the following conditions are met.

1. Student and parents were in most cases verbally notified of the availability of post-withdrawal disbursements by the Office of Financial Aid within one week from the date of R2T4 calculation was performed.
2. Student and parents in most cases verbally notified the Office of Financial Aid within a reasonable time indicating their acceptance of available post-withdrawal disbursement amounts. The reasonable time refers to allowing sufficient time to school to process a post-withdrawal disbursement within the deadlines set by the Department of Education.
3. Student has outstanding institutional charges that are due and wants to pay off those charges by applying his/her post-withdrawal disbursement.
4. Student/Parents completed all necessary paperwork related to such post-withdrawal disbursement within a reasonable time.

The Office of Financial Aid must track the notification and authorization to make the disbursement and meet deadlines as prescribed by ED. A school must process Title IV aid within 120 days from the last day of the enrollment period.

The post-withdrawal disbursement must be applied to outstanding institutional charges before being paid directly to the student.
